Pet Protection Package

When your pet is hospitalized for their spay or neuter procedure, that is the perfect time to take care of other medical issues which may need attention. Please take the time to consider whether or not you would like a dewclaw removal for your puppy or a declaw for your kitten. Combining these procedures saves time, discomfort and money.

Take advantage of the following opportunities while your pet is anesthetized:

AVID identification microchip

Don't let your pet become lost without a way home!
Protect your investment and your heart.
